    End If
End Sub
```

```
Private Sub txtpassword_KeyPress(KeyAscii As Integer)
    If KeyAscii = 13 Then
        cmdlogin.SetFocus
    End If
End Sub
```

```
Private Sub CmdLogin_Click()  
    perintah = "select * from user where NamaUser='" & TxtNamaUser.Text & "' and  
                pass='" & txtpassword.Text & "'" "  
  
    Set vardat = varkon.Execute(perintah)  
    If vardat.RecordCount > 0 Then  
        Menu.Show  
        Unload Me  
    Else  
        MsgBox "Nama User atau Password Salah"  
        TxtNamaUser.SetFocus  
    End If  
End Sub  
  
Private Sub CmdExit_Click()  
    Unload Me  
End Sub
```
